NSS Unit Name/College Name: INDUKAKA IPCOWALA COLLEGE OF PHARMACY

Event NAME: Child labour awareness , save girl child awerness,women empowerment,feminne hygen awareness programme

Event Date, Time and Location: Anand-Borsad chowkdi slum area,28-03-2019

Brief Description of the Event: Over the past two decades India has put in place a range of laws and programmes to address the problem of child labour. UNICEF and its India partners are working together to ensure that children are protected from work and exploitation which is harmful to their development They are working to ensure that children remain in economically stable family homes and get the opportunity to go to school and be educated.

Inequality about girl child is a vast problem which includes many areas like inequality in education, nutrition, legal rights, medical care, protection, honour, child marriage and so many.

Empowerment includes the action of raising the status of women through education, raising awareness, literacy, and training. Women's empowerment is all about equipping and allowing women to make life-determining decisions through the different problems in society.

Work on menstruation, known as menstrual hygiene management, grew out of the education sector. ... The goal of menstrual hygiene management is to ensure that women and girls can manage their periods in a way that is not only healthy, but that enables their full participation in school, work, and other activities.

Major Outcomes of Event: Slum people got important awareness about this problems. Also they promise us to follow proper hygiene and cleanliness.
