ADVISORY COMMITTEE

Dr. Narottam Sahoo

Dr. Jolly R. Parikh

Prologue

In the recent decades, natural products including medicinal plants have gained major attention in the pharmaceutical research field. Medicinal plants are the richest and commonly available sources for drug discovery. Medicinal plants continue to provide valuable therapeutic agent, both in modern medicine and in traditional system of medicine. The uses of traditional medicines are widely spread and plants represent a large source natural chemical that might serve as leads for the development of the novel drug.

Key topics of the seminar:

- Recent advances in herbal drug technology
- Phyto-pharmacological screening of herbal drugs
- WHO guideline for herbal drugs

Beneficiaries:

The seminar is tailored for UG/PG/PhD scholars, and academicians from Pharmaceutical, applied and Basic Sciences.
